# **LCS Employee Acknowledged For Numismatic Research!**

Dany Rothfeld, an employee of Liberty Coin Service in Lansing, is listed as a researcher and contributor in the recently released *2005 Standard Catalog of World Coins 1901 to present* by Chester Krause and Cliff Mishler. Rothfeld's contributions focused mostly on correction of errors in previous editions of this major numismatic reference with the dates and listings of coins of Israel.

Patrick A. Heller, owner of Liberty Coin Service, said, "We are honored to have one more of our employees share their numismatic expertise for the benefit of coin collectors around the world. Dany Rothfeld has done extensive research over the years in preparing award-winning exhibits of coins and paper money of Israel and elsewhere. Now he has found a new outlet to share his knowledge."

Liberty Coin Service, in the Standard Federal Bank Building at Frandor in Lansing, was established in 1971. It is Michigan's largest rare coins and precious metals bullion dealership, with customers in every state and many foreign countries. In the past, LCS owner Patrick A. Heller and Inventory Manager Paul Manderscheid have been acknowledged as contributors to other numismatic reference books and as authors of numerous articles in coin publications. Dany Rothfeld also serves the coin collecting hobby as a member of the Board of Governors of the Michigan State Numismatic Society.
